

Interested in an economically efficient purchasing option for your school district?

BuyBoard is an online purchasing cooperative designed to streamline the purchasing process and help districts make confident buying decisions while giving districts flexibility and additional options in purchasing.

“Our members are benefitting from the economically efficient approach to purchasing that’s offered through the cooperative,” ASBSD Executive Director Wade Pogany said.

ASBSD joins 11 other state school board associations as a sponsor of the BuyBoard cooperative, which combines the purchasing power of cooperative members to leverage better pricing from vendors and save dollars by reducing administrative and resource time. More than 1,200 school districts in the nation are cooperative members.

Request for Quote

The “Request for Quote” function allows Cooperative members to submit electronic RFQs in an effort to obtain additional savings based on quantity purchases. In other words, awarded BuyBoard vendors are asked to compete with each other for even lower or more advantageous pricing and terms than what the vendors are required to offer under their awarded BuyBoard contract.

A RFQ can be created, submitted to the vendors, received, and finalized in as few as 3-5 days, rather than weeks for a typical formal bid by an individual governmental entity. Thus, the RFQ feature provides a very efficient and cost effective process for both the Cooperative member and the vendor community.

South Dakota bid law compliance

Multiple SD statutes were reviewed before ASBSD chose to become a state sponsor for BuyBoard. SDCL Ch. 5-18A (Public Agency Procurement–General Provisions), SDCL Ch. 18B (Procurement of Public Improvements), and SDCL 5-18C (Procurement by Local Government Units) were all reviewed.

Based on the research done by ASBSD, it is the opinion of ASBSD that a school becoming a member of the National Purchasing Cooperative would be consistent with a school participating in a joint agreement as contemplated by SDCL 5-18A-37.

However, ASBSD does recommend that prior to a school becoming a BuyBoard member that schools contact their own local school district attorney for his or her opinion as to whether the National Purchasing Cooperative would be participation in a joint agreement contemplated by SDCL 5-18-37.

How to become a BuyBoard member

To become a cooperative member, your school board simply needs to pass a resolution authorizing participation in the national purchasing cooperative and the interlocal participation agreement. The resolution and participation agreement can be downloaded at www.asbsd.org/index.php/publications-forms/ under the BuyBoard heading.
