

C. School Finance

8. TWO PERCENT INDEX FACTOR

RESOLUTION

ASBSD supports proposed legislation to provide South Dakota's public schools with the statutorily required per- student funding at a minimum increase of two percent each year, with the possibility for a greater increase to be provided.

RATIONALE

A funding formula change that provides school boards with a minimum guaranteed increase of two percent gives school boards a solid monetary figure to begin budgetary planning before the conclusion of the legislative session, with the possibility for a greater increase to be provided.
