SASD's Artificial Intelligence and Schools Workshop Agenda

 **Objective:** Empower educators, administrators, and policy makers with an in-depth understanding of Artificial Intelligence (AI). Explore its applications in educational settings, and critically discuss the ethical and policy implications of integrating AI in schools.

Highlights:

- Hands-on AI Playground Stations
- Real-world Educational Demonstrations
- Expert-led Panel Discussions
- Collaborative World Café Conversations

Who Should Attend?

- Teachers eager to revolutionize their classrooms
- School administrators aiming to leverage technology for student success
- Policy makers interested in responsible AI integration
- EdTech enthusiasts, and anyone passionate about the future of education

Agenda:

Morning (9:30 AM - 12 PM)

- 9:30 AM: Welcome, Introductions, Intro, & Panel Discussion
- 10:35 AM: Witness AI's Educational Potential in Action via Demonstration
- 11:15 AM: AI Playground Stations: Experience AI firsthand through various AI tools and challenges! Rotate through stations modeled on the Danielson Framework and administrator uses. Tools in play: ChatGPT, MagicSchool AI, QuestionWell, Twee, and more.
- 12:45 PM: Reflection via Partner Rotation: Share your takeaways with peers

 Lunch (12 PM - 1 PM)

- 1 hour of relaxation, networking, and nourishment

Afternoon (1 PM - 4 PM)

- 1:00 PM: World Café: Engage in free flowing roundtable discussions tackling the pivotal questions concerning AI in education. From grading and differentiation, to ethical dilemmas and policy alignment—let's explore the new frontier of teaching together!
- 2:00 PM: Additional Implications & Preparation for 2023-24 School Year: A comprehensive deep dive into the Ethics, Policies, and Procedures of integrating AI into the educational space for school board members, administrators, and educators.
- 3:30 PM: "Now What? Must Do's": A closing session summarizing actionable steps for educators, administrators and school board members.

✨ Craft a future-proof plan with AI, learn to automate various workflows in a jiffy, gain insights quickly from large data sets, and much more! Discover how you can use AI to be a more efficient and effective educator, administrator, or board member, while keeping ethics and student welfare at the forefront.

 **NOTE:** Agenda subject to change depending on number of participants.

 **Seats are limited!** Register today and take the first step towards transforming your educational approach with the power of Artificial Intelligence!

Embark on this one-day immersive journey and walk away with not just theoretical knowledge, but practical skills, resources, and a network of like-minded professionals. Don't miss out on this game-changing opportunity to usher your institution into a new age of education!
