

Changes made to school board election during this year's legislative session led to ASBSD amending our school board election sample policy.

BBB: School Board Elections – amended to align with the changes in state law, which will take effect in 2026, to when a school board election can be held and with the suggestion from ASBSD to hold your school board election in June each year rather than in November.

In addition, ASBSD has provided guidance on the election law changes, which you can [download by clicking here](#).

The sample policy can be found at <http://policy.asbsd.org>. Your district's login and password information has been previously provided to your district's administration.

ASBSD suggests you discuss the sample policies with your school district's attorney.

Thank you.
